New York, Aug. 31.—The last heats of the race postponed at the Fleetwood grand circuit at dark last night was trotted in the presence of a small gathering of horsemen. Captain White winning the second in 2:15 after trotting around the field, after which Lake Erie went on and captured two heats, Belle Truxton being tired, while Captain White was untied.

Edward Goers drove White today in place of Ira Harris, the latter having resigned his seat, as he said, to the better rehusman and the speedy 5-year-old easily won the two heats he needed.

The meeting was very successful financially and from a racing point of view. The driving club cleared about \$20,000. Most of the important stables were shipped away today, some going west to Galesburg, and other to Philadelphia, where Joe Patches and John R. Gentry are to race at Belmont Park next Wednesday. **SETTLED THE WOMAN QUESTION**  
German Methodists in Wisconsin Don't Want Them in Conference.

Milwaukee, Wis., Aug. 31.—The German Methodist conference today settled the woman question which had been brought up by a proposition that delegates to the general conference may be of either sex. The vote was unanimous against admitting women to future conferences.

The conference received with enthusiasm the report of the committee on temperance which declares in favor of total abstinence and pledges the members to stand as examples to their congregations, Sunday schools and societies. The report also commits the members of the conference to the policy of securing anti-liquor legislation.

If you try to find out what women do day after day for you, you're worse off than your base don't know. See! De best way is to take you as you find 'em, and try not to go crazy trying 'bout it. Dat's right.—Chimie Paddock

### MADE GOOD RACING

#### THOSE AT SHEEPSHEAD BAY SEE THEIR MONEY'S WORTH.

Except in the last, the race is not out till it's run out, and nobody can see that for the storm—Finishes are close and exciting—Not a Good Day for Favorites, Though—Favorite Bluebell's Runaway at Windsor Upsets the First Race—St. Maxim's Win at Louisville—Other Races.

New York, Aug. 31.—The threatening weather kept the attendance down at Sheepshead Bay this afternoon but the racing was very interesting.

In the first event Refuge was the favorite and led to the last sixteenth where Ramhro, The Winner and Captive passed him and finished in that order.

In the second race Sunup was a strong favorite with Monaco as second choice. Sunup led to the second furlong when Hamilton managed to make Monaco run and landed him a winner by a short head.

In the Belles stakes, there was the surest kind of a tip on One Love and it came off successfully. Floretta IV made the running to the last eighth when One Love came through and won in a canter. Argentina got the second place from Floretta IV on the post.

W. R. was a slight favorite over Orinda and Sir Dixon Jr. in the fourth race and led to the turn on the back stretch when all got together and made a pretty contest to the stretch where Orinda won as she pleased.

Buckwa was the choice in the fifth race but he could do no better than third. Irish Red opened a big gap and held it to the last eighth when Buckwa came fast but she managed to win by three parts of a length.

A heavy thunderstorm came up in the last race and the horses could not be distinguished after they left the post. Summaries:

**Will Go to See Gideon.**  
Kansas City, Aug. 31.—Fred J. Tuttle and L. B. Cabanne, the crack eastern bicycle riders who were today suspended by the L. A. W. for alleged crooked riding at St. Louis, will go to Philadelphia at once to lay their case before Chairman Gideon, of the racing board. When they learned of their suspension this afternoon both men who were entered at the meet here were barred from the events and immediately made preparation to go east. Cabanne denies that he was a party to the crooked work charged against him.

**Crowd Hisses the Suspension Order.**  
Kansas City, Aug. 31.—Titus and Cabanne, the crack wheelmen, despite the fact of their suspension in the national race, were today the pet of the L. A. W. were today the pet of the racing meet at Fairmount Park. The men were entered for the case B event and were about to make the start when the order of suspension telegraphed from Philadelphia was received at the track. The race was immediately held up for the time being and the telegram read aloud. It created intense excitement among the racers and their friends and when the spectators finally grasped the situation, nearly 2,000 people voiced their sentiments by hissing. This was followed by cheers for Titus and Cabanne when the latter were told a minute later that the race would have to go on without them.

### DID THEY JOCKEY?

#### QUESTION RISES REGARDING CERRAIN WHEELMEN.

Cabanne, Titus and Murphy Charged with Dividing the Spoils in Advance in the Three Class B Events in the Diamond Tournament in St. Louis—Then One of Them Aided the Shot and Took Another Fellow's Race, Besides His Own, and an Outsider Honestly and Innocently Beat the Three of Them for the Third.

St. Louis, Aug. 31.—The Republic this morning makes sensational charges against Charles Murphy, Fred J. Titus and L. B. Cabanne, the crack class B riders who participated in the Diamond tournament given in this city on Saturday last, under the sanction of the League of American Wheelmen. There were three class B events on the program and according to two of the riders themselves it was fixed that each of the three named should win one of the events. Cabanne, the paper says, was to be allowed to take the mile open the most important race, as this was his home. Murphy, however, so Cabanne and Titus assert, broke faith and carried off two of the races, while Terrell, a California man, honestly landed the third, thereby shutting out two of the men named. Alex Leine, a local amateur who heard the three class B men discussing the races after the race, said that Murphy gave an explanation of his conduct, that his firm ordered him to ride out the race, having heard of the agreement. The matter has been called to the attention of the local members of the League of American Wheelmen, who will sit the charges thoroughly. The offenders may be ruled off for life, or for a period proportionate with the offense.

The following telegram was sent today to George Gideon, chairman of the National Racing board of the League of American Wheelmen, Philadelphia, by a local member of the board:

"Suspend Cabanne, Titus and Murphy, pending investigation. Evidence they fixed race here August 24. Papers full of it. Men are in Kansas City. Answer immediately as they leave for east tonight." (Signed)

**DOUGLAS L. ROBERTS.**  
A response from Gideon was received to the effect that the three men mentioned by Roberts are suspended.

A private telegram received from Racer Cabanne this afternoon denies the story of alleged crooked racing.

**DISEASE GERMS.**  
The Minute and Mighty Microbe that Hides in Food, Air and Water.  
The study of disease germs is the all-absorbing topic among the leading physicians of today. Lurking in the food we eat, the air we breathe and the water with which we quench our thirst, are minute organisms which set up in the system diseases. Malaria is caused by a peculiar disease germ. Dr. Hartman, President of the Surgical Hotel, has been making a special study of the disease germ which causes malaria. He finds eleven varieties of disease germs, exactly as they appear under the best microscope. It also gives numerous cures and valuable information about malaria diseases.

People subject to malaria should remember that the malarial season is now upon us. Persons at all predisposed to this disease may, by taking a bottle of Peruna now according to the directions ward off many weeks' sickness. Peruna will prevent, as well as cure, chronic malaria, and no one subject to this most miserable of all diseases should neglect to take a course of Peruna in time to prevent an attack.

"Pay no attention to absurd rumors from Austin. I generate one thousand times stronger than heretofore that for Titus and Cabanne when the latter were told a minute later that the race would have to go on without them."
